- Just Tip and Pay whenever you're ready to go

With **ExpressCheck** - you never need to wait for a check or hand over your credit card again

Best of all - no more splitting checks  
- everyone gets their own tab

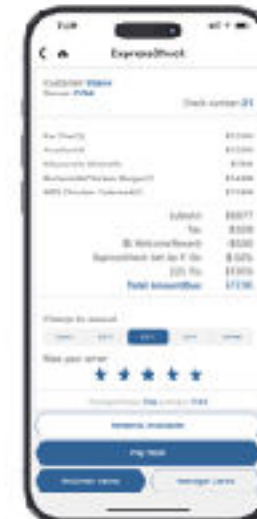

*It's the safest, fastest, and most private way to pay at bars and restaurants*

*We are asking our guests to pay on the app*

**Let's Get Started...**

Download the CityCheers app, create an account, and enter your credit card - one time

*It feels like Dining and Dashing, but you're not.*

1. Tap the ExpressCheck button on the venue's app to open a tab
2. Tell your server you're paying with CityCheers and give them your name when you order  
- Your tab will show up on the app
3. When you're ready to go - Tap Pay Now

- Every receipt is archived on the app and emailed - you can also mark them as business or personal
- If you forget to close your tab - it will close automatically and the 20% tip will be added to your check - per the user agreement.
